We copy the following synopses of the pro- passed April 22, 1852. ocrat:

MONDAY, February 13th. In Senate, on Saturday, the day was mostly spent in committee of the whole, and in perfecting bills. A move was made by Mr. WRIGHT, in

favor of a further geological survey of the State. In the House, the bill making appropriations, in part, for 1854 was passed, including provision for the Lunatic, Deaf and Dumb, and the Blind printing, &c.

TUESDAY, February 14th. In Senate, on yesterday, the bill to provide for the removal of the county scat of Noble county. which was indefinitely postponed on Saturday, came up on a motion to reconsider, which was defeated. This ends the project now. The resolution of the House in favor of a removal of the United States migt from Philadelphia to New Terred to the committee on federal relations, Mr. ATKINSON introduced a preamble and resolution, calling on the trustees of the new Lunatic Asylums, to inform the Senate why it was that said pressly forbids their commencement, unless they could be completed in all their parts for \$70,000 -the trustees now asking an additional appropriation of \$32,000, in order to furnish them with heating apparatus, &c. The resolution was agreed to. The remainder of the day was spent in committee of whole, and the consideration of various bills.

In the House, after the presentation of about the usual number of petitions, and the passage of the court bill for the third district, and another bill of a local character, the committee on Public Works schmitted a report on the bill providing for the sale of the Public Works of the State, recommending its indefinite postponement -the people having never petitioned for such sale, and therefore being, it is presumed, against surrendering the control of the works. The committee allude to the diminished revenue as torily accounted for in the reconstructions of many of the works, which were originally anybut substantial in their character. The report is quite voluminous. Upon the objection being raised that the bill had not taken its regular course through committee of the whole, the re-port was withdrawn. The resolution in favor of abolishing the life tenure in the office of Judge in the U.S. Supreme Court, and making the judges elective by the people, was adopted with great unsatimity. The bill to provide for a comgreat unanimity. The bill to provide for a com-mission to revise the criminal practice and codify the criminal laws of the State, was debated at great length in committee of the whole, where it

still remains. WEDNESDAY, February 15th. WEDNESDAY, February 15th.

In Sense, on yesterday, the only matter of importance, beside the usual routine of maturing and passing bills, was a resolution introduced by Mr. Izwett, relative to the proposal of amendments to the constitution. It proposes the reference of the whole subject to a joint committee of ence of the whole subject to a joint committee of five Senators and six members of the House of Representatives, to whom the whole subject shall be committed, with power to report such amendments, if any are needed, as may be found necessary, for the action of the two houses. When reported, if agreed to by three-fifths of the members elected, they will then be submitted to the people, and if adopted by a majority of the per-

sons voting at an annual election, they will become a part of the constitution.

Tunns:—Sir, I have delayed writing to you until several months have elaysed since my wife discontinued the use of your medicine, but her health atill remains better and she is able to endure more fatigue than at any time for three years previous to your prescribing for her. Her condition was peculiarly distressing, and one which I will not attempt fully to describe. The greatest suffering proceeded from a weakness, pain, heat and preasure in the lower part of the back and hips which appeared to effect the entire system. On receiving your first prescription, she was able to sit up but part of the day. The change has been great and truty gratifying to us both. My son, whom you treated for abacess in the side, is doing weil. The swelling and tenderness are gone, his countenance and strength have improved much, and the discharge has nearly ceased. PREMIUM PLOURING MILL PREMIUM PLOURING MILL.

The subscibers are still sloing business at the Ravenna Summit Mills, and also in Campbellsport, notwithstanding the reports put in circulation by the proprietors of Steam Mills and Water Mills in this vicinity, that we have broke down, and were not doing custom business, and as is our extens, are making flour that stands the test in every case where it is used. Our flour stands A. No. 1, wherever it is known, and takes the promium over all other Flour made, whonever it is on exhibition. Families with haveflour (made especially for family uses, delivered at their dwellings, at the market price, for first quality. Our Flour is made from the best article of Wheat, and we make no Flour from poor wheat, that we may be consided to self-cheaper than our neighbors. All orders promptly attended to.
